MANKIND'S MOST CAREFULLY GUARDED SECRETS REVEALED!

"Fastwalker" is a code word created by NORAD (North American Air Defense Command) to classify (UFOs) unidentified flying objects which approach our Earth from space and enter our atmosphere. It has been reported that from its subterranean facility deep inside Cheyenne Mountain, Colorado, USA, the Air Force NORAD facility tracks a rough average of 500 of these Fastwalkers each year. Satellites are referred to as "Slow Walkers". 98 Mins. DVD
